## Tech Committee finds Swap Meet project – a 1942 Plymouth Deluxe sedan

CPPC's Tech Committee has occasionally purchased "interesting" items they can resell at Portland Swap Meet, but this is the first time they have bought an entire car.

It's a 1942 Plymouth Deluxe sedan that has been sitting in a barn out in East Vancouver since 1964.

It's a familiar story: a family was holding on to "grandpa's car," thinking that one day they might restore it, but finally realizing it wasn't going to happen. They were hoping for a buyer who would treat grandpa's car with respect and were delighted when a CPPC Tech Committee member discovered it.

This 1942 model is rare in its own right. Domestic car production stopped in February, 1942, because of World War II. With war threatening, chromium and stainless steel were rationed as strategic materials, and the later '42s made do with painted trim.

These cars, designated P14S for Deluxe and P14C for Special Deluxe, came back after WWII with only minor modification as the P15, running through early 1949.

*The Tech Committee got the tires to hold air, and pulled their new 1942 Plymouth Deluxe onto the trailer with come-alongs. They paused for a photo opportunity before taking the car to Bob Westphal's house, where they'll clean it up a bit and assess what it will take to make this beauty go, and stop.*

This car was bought new in Minnesota late in 1941, when cars were still getting their full complement of chrome and stainless steel. Sometime in 1964, the owner had the engine overhauled

### It's time to start thinking about Portland Swap Meet

Portland Swap Meet is April 1-2-3 this year. As usual CPPC will be there, selling parts, swapping Plymouth know-how, and hopefully recruiting new members to our club.

We rely on donated stuff to make the scenario work.

Members and friends – please check your inventories. If you've had things around for a year or more and haven't used them, maybe it's time to consider giving them to the club.

Contact Gary Rusher or Chuck Willis to arrange for pickup.

### Cruise-In committee has organizational meeting

The Cruise-In committee is already working on our Second Annual Hot Dog-ust Day.

Tuesday, January 19 at 11:30PM, the Hot Dog-ust Day Committee met at the Red Robin in Wilsonville.

Last year's event was lucrative for CPPC, and also allowed the club to donate a full term's tuition for an Automotive Technology student at Clackamas Community College.

For 2016 the group will aim higher, primarily by increasing the number of cars at the event, which shouldn't be difficult considering the reception we got last year.

The Tuesday meeting focused on recognizing things that went well last year, and identifying areas where we could do better.

# Meeting highlights from November

*From minutes taken  
by Donna Bade*

Cascade Pacific Plymouth® Club, Inc. met on November 24, 2015 at the Clackamas Community Club at 15711 SE 90th Avenue Clackamas, OR 97015. The business meeting began at 7:33 p.m., after the Annual Thanksgiving dinner. Bob Westphal, President, presided. Donna Bade recorded the minutes.

Thirty-five people were in attendance. The Pledge of Allegiance was recited by the membership, before the meeting started.

Minutes: The minutes of the October, 2015, membership meeting were approved as published.

Bob Westphal thanked Cindy, Donnie, and Andrew Norlen for being our guests at tonight's meeting. They were guests of the Dixon's and Andrew, their grandson did an amazing job entertaining the group. Bob thanked him for coming and singing for our club. Bob also thanked

Donna Bade for cooking the hams and making centerpieces for the potluck. The rest of the membership was also thanked for bringing salads, desserts and veggie dishes for dinner.

Treasurer's Report: Bob Westphal reported for treasurer Dolores Call.

Member Care: Yvonne Westphal said she has talked with Barbara Rice. She told her she has cancer in her spleen and is doing special treatments. Lorraine Griffey said she went to lunch with Barbara, and she looks great. Sharon Tiffany is doing well and going to go to one of their children's for the holidays. Patty Brost is at tonight's meeting and doing well.

Birthdays: Bob Westphal announced December and January birthdays.

Mayflower Tours: The next Mayflower event will be at Albertina Kerr's on December 8. Everyone will be seated at 1:00, so please arrive before that time. It has been asked for people to bring cash for the payment of their lunch. This will make it easier for Albertina Kerr's workers.

Activities: Jerry Dixon reported about the club's last event; "The World

of Speed" and two garage tours on the same day. Twenty-two people attended and had a wonderful time. Gary Rusher did a great job organizing this activity for the club.

Our next club event will be on December 1, at Clackamas Elmer's at 11:30 am. Members will decide on the 2016 events for the club. Everyone is encouraged to attend. Jerry will be checking with other clubs beforehand to possibly coordinate events.

The 2016 officers are as follows: President: Randy Ealy; Vice-President: Bill Call and Gary Rusher; Secretary: This position is still not filled. Mike is hoping that in January this position may be filled.

# The Steering Column, A Message from the President

To all our Plymouth Club members and families, Pam and I wish all a happy new year and may all your dreams come true.

As I start this new year as your president I need to extend my thanks to all our board members who have concluded their terms.

Thanks to Bob Westphal for a great job as President and his continued support as Board Chairman.

Thank you from the entire club to Mike Bade who has served as our president, chairman of the board and many other duties that could fill this newsletter and more. The time and energy he has devoted to the Plymouth Club inspires me as I start my new office.

Thank you Donna Bade and Joanne Dixon for your time as co-secretary and reminding us what we said and agreed to do each month. Your expertise has been very much appreciated.

Also, many thanks to Dennis Mowery, our Member At Large, for all his

service and work behind the scenes. We all experience and appreciate the work he and Jeanne do when we attend our monthly meetings.

With all those board members exiting, you can see that we have a new slate on our board and Bob will have his hands full keeping us newbies in line.

Not concluding their terms, but very worthy of a moment of praise are Robin Will and Dolores Call. Dolores has kept our finances in order since the beginning of our club – a real feat. The quality of our website, newsletter and general communication of our club to the world is through the guidance of Robin and he does a stellar job. I am thrilled they will be continuing on in their current positions.

As your new President I would like to share a few goals I have for the future of The Cascade Pacific Plymouth Club. I plan to spend time working to increase our membership. Another goal is to have more of our members take advantage of all the wonderful friendships, technical help and infor-

mation that is available from our existing membership through increased involvement.

The next goal would be to increase our successful fundraisers; Portland Swap Meet and Hot Dog-ust Car Show. More success in these fundraisers means more money available for the charities that need our help. We have many members that donate their time to charities like The Young Marines, the homeless, our veterans, etc. The Plymouth Club can and should help do our part in these causes.

This and more can happen with the help of our membership and starts with your commitment by paying your dues. Yes it is that time of year again. Robin Will has helped to make this easy by setting up a Pay Pal account which links through our web site.

So Happy New Year and remember to call or e-mail me anytime with any and all concerns or project needs. I will get back to you.

Let The Good Times Roll  
Randy Ealy

## Meeting Minutes, continued from page 2

egon to the front page of the newsletter.

There are a lot of people still looking at the website. There were more people looking in the summer, but it is still very active. The 2016 Cruise In information is already on the website.

This year people will be able to pay on line for their registration.

New Business: Portland Roadster Show will have several of the CPPC's members cars entered this coming year. Alan Tiffany's '28, Mike Bade's '33, Randy Ealy's '39, Bob Westphal's '48, Tom Shepherd's '56 and Tom Fox's '59 will be at the Roadster Show.

50/50: Jim Wheat won the \$37.50 share of the \$75.00 50/50 collection.

Guest Speaker: Andrew Norlen sang a few songs and Don Hufschmid brought his Bingo game

The meeting was adjourned at 8:00 p.m. and then we played Bingo until 8:30.

*CPPC's NEWEST GRADUATES: Not the one on the left, not the one on the right, nor even the one in the middle – Julieann Edman is proudly holding diplomas saying that both of her knees graduated from physical therapy in late December. Both knees were replaced at the same time last winter – which takes a fair amount of nerve, but two heal as quickly as one, so there's the upside. Marlo and her family took good care of her, and as of mid-January, Julieann was walking unassisted, attending a senior yoga program in the neighborhood, and looking forward to driving as soon as she's free of pain meds.*

## Tech Committee's new car, *continued from page 1*

**Don Hufschmid reminds CPPC members that he is available to help with DMV paperwork. Give him a call if you have a question about your car's documentation.**

before moving to the west coast. When he got out here, he parked the car, and never drove it again. It has been sitting in a barn ever since, and it still wears its 1964 Minnesota tags.

The Tech guys got some air in the tires, hitched the sedan onto a trailer with muscle power and a come-along, and the car is currently at Bob Westphal's house being cleaned up and evaluated.

The slick, plaid rayon seat covers were apparently installed at the dealership, and it doesn't appear that they ever came off. The wool upholstery was good underneath. The headliner shows only minor damage.

All of the door handles, dashboard knobs, etc., are there, and so are the rest of the hard-to-find 1942-only pieces.

Towing the '42 up into Westphal's driveway with Gary Rusher at the wheel, it was determined that the engine turns freely, which also means the clutch functions and the transmission isn't frozen.

Randy Ealy has already been on the phone with a potential buyer. We're not saying much (in print, anyway) about what was paid for the car or the anticipated selling price, except to say both CPPC and any potential buyer are going to be happy with the deal on this pretty-good example of a rare car.

## Luncheon at Albertina's is becoming CPPC tradition

CPPC's Joyce Catt once again organized luncheon at Albertina's Kitchen, on Dec. 8, an event club members enjoy during the holiday season.

It's a gracious holiday interlude, and a good deed at the same time, because it benefits the Kerr Centers nonprofit.

Since 1911, facilities named for Albertina Kerr, a strong advocate for helping the city's many homeless children, have offered social services to families in challenging situations.

The pictures suggest a good time was had by all.

## BODY SHOP & REPAIRS

Please keep Yvonne Westphal updated about club members who need cards, letters, or phone calls. That's ytomblison@aol.com, or 360-334-6037.

Patty Brost is doing good. She has only one lung so using oxygen at night is helping her feel much better. She was able to attend the Mayflower meeting.

Sharon Tiffany is improving each day after her surgery. She has physical therapy twice a week. She hopes to take the back brace off in 2 to 3 weeks but it will probably be 3 months yet. She has a lot of back pain if she stands too long.

They plan to come out to the club meeting in spring if all goes well.

Barbara Rice is doing better. After her last scan the doctors said that 2 of the 3 cancer spots were gone. That is good news.

Les Conner is still trucking along and improving each day. He is able to help Nancy around the house. She is happy about getting some help.

Chuck Willis is feeling good enough to come help the Tech Committee working on the club Plymouth.

Bob Westphal has completed his radiation treatments for prostate cancer. He will have his scan in March.

Please let me know if there is anyone who is sick or has other health issues. Cards and calls are appreciated.
